He thinks he is skillfully searching the hearts of others when he is only gratifying the malignity of gar; when beaten to a froth, mix them with nutner or cinders that they are not converted. He has given it them soundly, and if they do not tremble and confess that God is in them of a truth, he gives them up as reprobate, incorrigible, and lost forever. NEGLECTING A CLASS-MEETING.

"As soon as it was too late, we felt we had done wrong, and the end of the week were not so forward with our work as 'usual. We saw that no time had been gained, and we all resolved never to do such a thing again. but to make everything give way to the cause of God and Religion. From that day no work or business ever kept us from the house of God."

PREPARATION FOR DEATH.

When you lie down at night, compose your spirit as if you were not to be awake fill the heavens be no more. And when you awake in the morning, consider that new day as your last, and live accordingly .-Surely that night cometh of which you will never see the morning, or that morning of which you will never see the night, but which of your mornings or nights will be such, you know not. Let the muntle of worldly enjoyment hang loose about you that it may be easily dropped when death comes to carry when the fruit is ripe it falls off the tree casily. So when the Christian's heart is truly weaned from the world he is prepared for death, and it will be more easy for him.—

A heart disengaged from the world is a heavenly one, and then we are ready for heaven easy when our heart is before us.

DISEASES OF THE CHEST AND LUNGS Dr. Hall's Balsam contains no Offen, Calomer, or any mineral person, but is composed mostly of those Roots, Herbs and Vegetable substances which have a specific initiaence upon the lungs and their connected organs. Its immediate effect is to allay all irritation the Cough, by subduring the asfammation and other causes which give rise to it. Itsies stimulates and imparts a healthy tone to the Laugs themselves, thereby cuabling them more thoroughly to remove from the blood those impurities and discussed particles, which, if retained, do so much mischie in the system, and lays the foundation for incurable CONSUMPTION. It also exerts a decided action uponthe skin, and assists nature in expolling through the Extalents, much of that morbid matter which would otherwise be thrown back upon the Laugs, thus relieving them of a part of their work, and condering the system pure and healthy. When tubercles are forming, it checks their development and further progress: or ifulceration has taken piace, it assists the lungs in throwing off the corrupted matter, soothes the irritation, healsthe ulcerated cavities, and restores them again to healty action. This medicine, therefore, is not a pulliatisemerely, which only relieves for the time being, but is a "noncorn curarries, as it strikes at the very root of the disease, and by removing quences. Dr. G. W. Haisey:—I befieve your Ferest Wine and Pills have been 'he neems of saving my life. When I commenced taking them I laid at the point of death with Dropsy, Piles, and Asthma. My physicians had given me over as past cure, and my family had lost all hopes of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and hox of Pills, I experienced great reflef; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your medicines until the present tima, and now enjoy as perfect health as ever I did in my life, akhough I am more than sixty years of age.

Yours, respectfully.

IF Besche and ask for Ur. Wh. Hall's Balsan for curable. Previous to taking the Wine and Fills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my Iriends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and 1 doubt not, but what there are innereds who are dissuaded from taking your excellent medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pity it is, that the deception used by others, should be the means of dissuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanity speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in Jess than three days; and in six weeks from the time I purchased the medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds; in weight, having taken one box of the Fills, and two bottes of the Wine. Would to God that every poor sufferer would avail himself of the same remedies.

Nervous Disorders

Nervous Disorders Are diseases of the mind as well as of the body, are usually brought on by troubles and affliction, and are most common to presons of delicate constitutions and sensitive minds. Low spirits, melancholy, frightful drams, and fearful anticipations of evil from the slightest causes, generally accommany nervous disorders.— The Forest Wine and Pills are an energetic remody in these complaints.

The Forest Wine and First and these complaints.

Extract of a letter from Mr. Joseph C. Panlding, dated Philadelphia, Sept. 3th, 1848.

Dn. G. W. HALSEY:

Dear Sir. Your Forest Wine and Pills have cured my wife of a dreadful Nervous disorder, with which she had been affected for many years. Her body was almost wasted away. She was frequently disturbed in her sleep by frightful dreams, awakening quite exhausted and covered with perspiration, and at times laboring under the delusion that something dreadful was about to happen to her. By the use of four bottles of the wine, and a box of the Pills, she is now in perfect health.—She has regained her flesh and color, and enjoys society as well as ever. BR. DAVID MARVIN, a celebrated practitioner of New York, declared publicly, that one bottle of Halsey's For-est Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messas. S. S. LAMMAN & Co.,

The Forest Wine is put up in large square bottles, with Dr. Halsey's name blown in the glass; \$1 per bottle, or six bottles for \$5 Gum-coated Pills, \$2 Cents per bax. To Ex. Manchist:—I have been ten years troubled with Pemale Complaints—prolapsus titeri, and all the attending difficulties; at times rendering my life most miserable. I have had the attendance of some of the best physicians, with but little success; the most they could do was to relieve—a cure was out of the question. For five months before commencing with your neelicine, I had not been able to perform any labor, could walk but a few stops at at ime, and scarcely went out of doors—in short, I was completely prostrated, both in body and mind, and expected to drag out the rest of my days in suffering and misery. But, reading your advertisement, I was induced to try your invaluable medicine called Uterine Catholicon, as the last resort. I had not used it a week before I felt like another woman. By the use of three bottles I was enabled to perform all the tabor for six in the family with ease, and could could walk anywhere in the neighborhood without injury. Nothing but a sense of my duty to you and to the afflicted, has induced me to state my case to the public. I can safely recommend the preparation to all those suffering like myself.
